**Subject:** Aerotek - Animas River Spill

Hi Gina:

I hope this email finds you well. I just left you a voicemail but wanted to follow-up incase email is more convenient for you. I work with Aerotek, a national staffing and recruiting company, and I specifically handle our environmental business and sit here in Denver. Aerotek has significantly contributed to the clean-up of many natural disasters around the country to provide staff with remediation and clean-up. Some of the large projects we have been a large contributor to include Hurricane Katrina, Hurricane Sandy, the BP Oil Spill, etc.

We have the capabilities to locally staff large quantities of Biologists, Environmental Scientists, 40-Hour Hazwoper Certified Technicians, Soil and Water Samplers, General Laborers, Operators, etc. I would like to chat with you a bit further our past performance in similar situations and how we can help. I'll try giving you a call again tomorrow morning if I don't hear from you before then.

I look forward to speaking with you.

Best,

**Jody Ives**
